CAREEROBJECTIVE

Enthusiastic and dedicated Junior MERN Stack Developer with a passion for creating modern, responsive, and scalable web applications. Familiar with React.js, Next.js, Node.js, Express.js, and MongoDB. Eager to strengthen my technical abilities, explore new technologies, and solve real-world challenges. Looking for an entry-level opportunity to contribute my skills, gain industry experience, and develop as a successful software engineer.

SKILLS

Programming Languages: C, C++, JavaScript, TypeScript
Frontend: HTML5, CSS3, React, Tailwind CSS, Vite
Backend: Node.js, Express.js, REST APIs
Authentication: Better Auth
Databases: MongoDB
Developer Tools: Git, GitHub, VS Code, npm , Vercel

Projects

1. **BazarDor — Bangla Grocery Price Tracker**
   Technology: Next.js, React.js, TypeScript, Tailwind CSS, Better Auth, REST APIs
   Live link: https://bazar-dor-psi-beige.vercel.app/
   Github link: https://github.com/hemadry01/bazar-dor
   . Daily Price Tracking – View the latest prices of everyday products.
   . Price Comparison – Compare current prices with yesterday, last week, and last month.
   . Compare minimum and maximum prices across different markets
2. **DevStack — Technology Stack Builder**
   Technology: React.js, TypeScript, Vite, CSS, React Toastify
   Live link: https://rad-pastelito-541796.netlify.app/
   Github link: https://github.com/hemadry01/dev-stack-project
   . Interactive web application allowing developers to explore technologies and assemble personalized stacks.
   . Implemented strict TypeScript-based data structures and fluid interactive technology card selection.
   . Designed real-time stack state management and toast notifications across all screen breakpoints.
3. **Fit-Log — Fitness Tracking Application**
   Technology : React.js, TypeScript, Tailwind CSS, JavaScript, Context API
   Live link : https://fit-app-ctah-two.vercel.app/
   Github link : https://github.com/hemadry01/fit-app

   . Workout Details – View detailed information about each exercise and easily add it to your plan or saved list.
   . Personalized Workout Plan – Create and manage a daily workout plan with total exercises, minutes, and calories.
   . Save & Manage Workouts – Save favorite exercises and remove them whenever needed.

EDUCATION

B.Sc. in Computer Science and Engineering
Institute-of-Library-Arts-Commerce-Science (ILACS)
